Houston, TX | 337-371-5725 | ejlaflure@gmail.com | <https://www.linkedin.com/in/eric-laflure-4b787235/>

Experienced Energy Engineering, Management and Data Analyst professional. Extensive experience in logistics, employee training and petroleum engineering disciplines. Proven track record of improving profit margins, ensuring project success, maintaining a safe work environment and improving morale. Proficient in multiple programming languages and visualization tools for enhanced data analysis.

## Experience:

### **Schlumberger Xtreme Coil Services** **General Field Engineer/Field Coordinator**

**February 2014 – December 2019**

**May 2017 – December 2019**

Managed operational planning, scheduling and performance of over 60 personnel, and operations to meet client's timelines and requirements.

- DOT logistics - permitted overweight vehicles in Utah, Colorado, Wyoming, Montana, Texas, South Dakota and North Dakota.
- Procured parts necessary for coiled tubing operations
- Organized logistics for replacement equipment
- Performed service quality investigations
- Ensured invoice accuracy through billing audits
- Tracked failures and statistics of our coil tubing strings
- Received extensive training and testing in all aspects of our business including: Safety, Finance, Sales, Human Resources, Supply Chain and Technical Knowledge.

### **Schlumberger Xtreme Coil Services** **Field Engineer 2**

**July 2015 – April 2017**

Managed the pre job analysis, data collection, acquisition troubleshooting, and post job reporting for our district.

- Supervised crews during coiled tubing operations
- Responsible for invoicing clients
- Tracked Key Performance Indicators including performance inefficacy and strength trends
- Completed 6-week coiled tubing technical training school

### **Schlumberger Coiled Tubing Services** **Field Engineer 1**

**January 2015 – June 2015**

Performed data collection, troubleshoot acquisition issues, presented post job analysis and reports, and led crews in executing coiled tubing operations.

### **Schlumberger Coiled Tubing Services** **Field Engineer Trainee**

**February 2014 – December 2014**

Operated coiled tubing equipment for offshore and land operations.

- Completed 16-week coiled tubing pumping and operational training schools

### **Halliburton** **Internship**

**May 2012 – August 2012**

Participated in hydraulic fracturing and acid stimulation field operations along with working in cementing and fracturing lab.

### **EOG Resources** **Internship**

**July 2010 – August 2010**

Prepared wellbore schematics, assisted in installing artificial lift systems, and production equipment maintenance.

**Education:**

Texas Tech University, Lubbock, TX

**Bachelor of Science, Petroleum Engineering, Minor: Mechanical Engineering**

McCombs School of Business

**Data Analyst and Visualization Boot Camp**

Graduation: September 2020

**Technical Skills:**

- Visual Basic
- Python
  - Pandas
  - NumPy
  - SciPy
  - Matplotlib
  - Flask
- PostgreSQL
- SQLite
  - SQLAlchemy
- HTML
  - MongoDB

**Honors/Activities:**

Society of Petroleum Engineers

Eagle Scout and President of Venture Crew 359

Distinguished Achievement Program Graduate

Tau Kappa Epsilon

U.M. ARMY Mission Trips

Volunteering "Don't Mess with Texas Trash Off"
